

Dear Potential Sponsors,

Mary Susan Moore Medical Society (MSMMS) is hosting the premier event, The Perfect Pair: Sips and Scholarships Fundraiser, on April 21, 2024, from 12PM-3PM, at Chapelton Vineyards. This will be a time of fellowship, networking, and relaxation while supporting a great cause. All proceeds will go towards MSMMS scholarships with an emphasis on Black female medical students and physicians in training. We invite you to be part of this exclusive event at the sponsorship level.

MSMMS was founded in 1991 to provide health education and advocacy to communities in need, as well as, to support the training and development of Black female physicians. The inspiration for our organization is our namesake, Dr. Mary Susan Moore, the first African American woman to practice medicine in the state of Texas. Her passion for medicine, courage and perseverance continues to guide the mission of our organization today. Fundraising of scholarships for the next generation of physicians is an integral component of our fundamental purpose. Currently less than 3% of physicians are Black women and the average medical school graduate owes greater than \$250,000 in total student loan debt. Mary Susan Moore Medical Society is proud to say we are making an impact on these statistics with our consistent commitment to scholarship fundraising. Over the years, we have awarded scholarships to students and residents at Baylor College of Medicine, The University of Texas Health Houston McGovern Medical School, Tilman J. Fertitta Family College of Medicine, and The University of Texas Medical Branch in Galveston. Those recipients have gone on to pursue careers in various areas of medicine. Last year, we awarded \$15,000 in scholarships to five medical students and one resident.

We hope that you will support our efforts by lending us your resources and/or financial support. Your contribution will afford MSMMS the ability to continue to transform communities and address the health needs of society through the development of future African American female physicians. On behalf of our organization, we thank you in advance for your support. Please contact us at marysusanmoore@hotmail.com if you have any questions.

Thank you in advance for your consideration.
